

Tim Toy
Bureau of Automotive Repair Program Representative / CARII Secretary

Hello all, I am running for my fourth term on the CARII Board. I began state service in Pacoima as a Bureau of Automotive Repair CPO Enforcement Investigator (PRI) in 1993. Through the years I have performed various duties and worked in several offices throughout the state. For the last 11 ½ years I have worked as a PRI in the Sacramento Enforcement Field Office.

Before state service I worked in the industry as an ASE Master Automotive Technician and CA licensed Smog, Brake and Lamp Technician for 15 years and Service Manager for 3 years. During that time, I worked in the Kern County Oilfields, County of Kern Garage, various GM, Honda and MBZ dealerships and independent repair facilities in the South San Joaquin Valley.

I believe it is important to educate our new employees about unions and employee rights including those on probation or limited term assignments. It is my mission to make sure it is not tolerable for supervisors or management to 'bully' or intimidate them on the job. I also encourage each member to be a wealth of knowledge to friends, neighbors, and acquaintances. We need to let them know it is not acceptable for the politicians to use hard working state employees at the bottom of the government food chain as the "escape goats" when they cannot do the jobs they were elected to do.

I am currently a CSLEA Site Representative and the CARII Board Secretary. I have worked hard and it is my pleasure to donate personal time being involved with many CSLEA/CARII functions.

I will continue to learn and use the roll of a union official as it benefits all members to bring peace and solitude to our careers.

I am willing to continue to serve on the CARII board and to work hard to represent all the members of CARII to the best of my abilities. I ask for your vote and thank you for allowing me the opportunity to serve each one of you.

Feel free to contact me anytime with your questions or concerns.

Best Regards,
[Tim](#) Toy
